UNBC is committed to building and nurturing relationships with Indigenous Peoples. Ongoing actions seek to address the institutional transformation needed for advancing Truth and Reconciliation, supporting Indigenous learners, fostering Indigenous worldviews and celebrating Indigenous culture across campus.

We gratefully acknowledge the traditional lands of the Dakelh, Tsilhqot'in, Dane-zaa, Ts'msyen and Nisga'a Peoples on which our campuses are located.

Here, sustainability isn't just a goal, it is a part of who we are. UNBC's foundation is built on a deep respect for the land and a belief that creating a better future means acting responsibly today, while always exploring what's possible.

Timberwolves Live Here

To become a Timberwolf is to learn, grow and lead together. Where you aren't just a student, you are part of a pack. You take pride in your purpose as you find your place.

***Here, who you are matters** because belonging is fundamental to your experience. **Here, you are connected** to community and nature. **Here, you are part of a commitment** to social good and sustainability.*

'En Cha Huná

UNBC's motto, from Dakelh (Carrier) Elders, reminds us that all people have a voice and a viewpoint. Interpreted as "respecting all forms of life," 'En Cha Huná encapsulates the spirit of academic freedom, respect for others and a willingness to recognize different perspectives.

Our Mission: Ignite. Inspire. Lead Change.
Our Vision: Leading a Sustainable Future.

Learn Here. Lead Here.

At UNBC, your education is shaped by where you are—surrounded by nature, supported by community and connected to something real.

House Of Learning

Welcome to the University of Northern British Columbia. We are also known by our Dakelh (Carrier) name, Nizdeh Nekeyoh Hohudel'eh Baiyoh, which translates to "House of Learning."

Pronounced Niz-day Nay-Kay-yo Ho-Hah-del-eh Buy-yo

Elders and representatives of the Lheidli T'enneh First Nation, the nation on whose land our Prince George campus is situated, gifted us this name in recognition of UNBC's key educational role in traditional Lheidli T'enneh territory.

Other Admission Categories

Advanced Placement	Students who take College Board Advanced Placement courses in high school may be awarded transfer credit upon receipt of the official exam results from the College Board. UNBC's institution code (2023) is required when ordering official transcripts. Courses completed with a grade of four or above will be awarded transfer credit. Students who have completed AP courses with a grade of three may be considered for Advanced Standing. Advanced Standing allows a student to register in a higher-level course without the prerequisite. However, as credit is not awarded, advanced standing will not reduce the number of credits that a student must accumulate to obtain a UNBC degree. As a result, a student must make up this credit by completing another course to be used towards their degree requirements. A listing of acceptable AP courses for transfer credit is available on the BC Transfer Guide's website at bctransferguide.ca	Approved AP and IB (all standard level and higher level) courses can be used in place of any approved Grade 12 Canadian high school course.
International Baccalaureate	Students who are awarded an International Baccalaureate (IB) diploma may be awarded up to 30 credit hours of transfer credit upon receipt of the official transcript from the IB headquarters. Students who are awarded the diploma must have an overall standing of four, with no course below three. Diploma students are required to present three higher-level subjects and three subsidiary-level subjects in order to be eligible for transfer credit. Students who are awarded the IB certificate must have a grade of four in each higher-level subject to be eligible for individual course transfer credit. Subsidiary-level subjects are not eligible for transfer credit on a certificate program. Students who are completing a partial IB diploma may qualify for admission providing that another recognized secondary school diploma will also be completed. A list of acceptable IB courses is available in the BC Transfer Guide (available online at bctransferguide.ca).	
International Applicants	• International student applicants are reviewed on their own merits and must be able to demonstrate an acceptable level of English language proficiency. • Completed, appropriate secondary qualifications will be considered for high school admissions and study at a recognized university and/or college will be considered for transfer admission. • General Secondary and Transfer Admission Requirements are available by country at unbc.ca/admissions/undergraduate/international-admission-requirements • English language proficiency requirements found at: unbc.ca/calendar/undergraduate/international-admissions	
Diverse Qualifications (includes Mature)	UNBC recognizes the diversity of experience that students can bring to the university environment. This admissions route considers applicants who demonstrate life experience, excellence in other endeavours, and/or who have succeeded despite difficult circumstances. UNBC welcomes applications from anyone who can demonstrate academic potential but does not meet the requirements of other admissions routes. Diverse Qualifications applicants are assessed on an individual basis and may be asked to provide any of the following: - Proof of English language requirements; - All academic transcripts; - An Academic Intent Declaration; and - An Employment History Form. Students admitted under this category may be offered clear, conditional, or probationary admission. Students may also have credit hour restrictions in their first semester of studies. Note: If probationary admission is offered, students must achieve a minimum 2.0 GPA in their first semester; otherwise, they may not be permitted to continue for up to one calendar year.	
Transfer	• Min. of 15 credit hours of acceptable transfer course work, be in good academic standing and have a cumulative GPA of at least 2.0 (C average) from most-recent coursework. • Official transcripts are required from all post-secondary institutions attended, including distance education schools. • Acceptable courses for transfer credit found at bctransferguide.ca
