Kate VanGerven

Director of Tour and International Visits
for the Prime Minister of Canada

Bachelor of Arts in English

Class of 2013

Grand Valley, Ontario

"My experiences and relationships at UPEI gave me everything. I had an entire community of people committed to me succeeding as a student and as a person. If I had a project in mind, there were staff on campus who would hear me out, fine-tune it, and jump on board. If I gave my time to my peers, they paid it back tenfold. I had amazing professors who identified and encouraged my instinct to reject 'hoop jumping' and run with more creative ideas for their assignments.

"I could tell 100 other UPEI stories, but the best part is that every single one of these people knew me by name and my story, and all these years later they still do. That's pretty special and it's why UPEI is always, always going to feel like home."

*Kate's **BIG FUTURE** started here at UPEI!*

PRINCE EDWARD ISLAND IS SPECIAL

Prince Edward Island may be Canada's smallest province, but for UPEI students, there's so much to see and do. "The Island" is known around the world for scenic landscapes, sun-swept beaches, and small-town charm. It's also one of the safest places to live in Canada.

PEI is only 224 kilometres from tip to tip, so you're just minutes away from beautiful

beaches and coastlines no matter where you are. We're right in the middle of Atlantic Canada, with convenient options for flights to and from the Charlottetown Airport.

Our traditional east coast Canadian culture is enhanced by international students and new PEI residents, making Prince Edward Island a truly amazing and special place to start making your mark in the world!

 upei.ca/about-pei

The Epekwitnewaq Mi'kmaq call Prince Edward Island Epekwitk, which means "resting on the waves." The University of Prince Edward Island recognizes and acknowledges our location in the ancestral and unceded territory of the Indigenous Mi'kmaq People of PEI.

Education is a key component of the Truth and Reconciliation Commission of Canada's Calls to Action. UPEI is committed to advancing reconciliation through higher education. As a community, we have started a journey of growth to realize the role we must play in promoting an understanding of Indigenous history and culture and supporting respectful relationships.

WELCOME TO CHARLOTTETOWN

Like our Island home, the University of Prince Edward Island offers an amazing experience for students at our historic campus in Charlottetown. Safety, inclusiveness, plus the amenities of a larger city—it's all here.

Charlottetown offers welcoming places for our students to call home. The campus is a short walk away from markets, food stores, cafés, restaurants, shopping malls, and financial institutions.

Go from lecture to laundromat, library to lunch date in minutes with your transit pass! Ride the bus to Charlottetown's historic downtown and visit its shops, pubs, parks, and waterfront. Meet friends at the Charlottetown Library Learning Centre or picturesque Victoria Park, visit a gallery, take in a show at the Confederation Centre of the Arts, or stroll on the scenic boardwalk along the Charlottetown Harbour.

TUITION, FEES, AND EXPENSES

UPEI offers one of the most affordable tuitions in Atlantic Canada.

Consider these figures* to estimate first-year costs at UPEI.

upei.ca/fees

HIGH SCHOOL ENTRANCE PROGRAM TUITION

Faculty of Arts; McDougall Faculty of Business; Faculty of Indigenous Knowledge, Education, Research, and Applied Studies; Faculty of Nursing; Faculty of Science; and Faculty of Sustainable Design Engineering

Canadian students

\$763 per three-credit course

International students

\$763 per three-credit course
+ \$9,040 international student fee

POST-DEGREE PROGRAM TUITION

Faculty of Education, Bachelor of Education (BEd) program

Canadian students

\$15,260 per 12-month program

International students

\$15,260 per 12-month program
+ \$13,560 international student fee

Contact the Faculty of Education for a semester-by-semester breakdown.

Faculty of Veterinary Medicine, Doctor of Veterinary Medicine (DVM) program

Canadian students

\$16,602 (full-time per year)

Unsubsidized seats

\$84,435 (full-time per year)

Memorial University Faculty of Medicine's Regional Campus at UPEI, Doctor of Medicine (MD) program

PEI students' tuition is set by Memorial University. Visit mun.ca/medicine for details.

GRADUATE PROGRAM TUITION

Graduate tuition varies by program.

Other fees may apply to your program of choice. Visit our tuition and fees selector at upei.ca/fees for detailed information about each program's tuition and associated costs.

**Tuition fees posted are from the 2025–2026 academic year and are subject to change.*

FINANCIAL HELP

SCHOLARSHIPS, AWARDS, AND BURSARIES

Your UPEI education is more affordable than many other Canadian universities, especially when you consider the financial support you'll receive. Upon your acceptance to UPEI, you are immediately eligible for a variety of our scholarships, awards, and bursaries.

 upei.ca/entrance-awards

 upei.ca/scholarships

The *Celebrating Student Achievement* award program automatically awards guaranteed entrance scholarships of up to \$3,000 to domestic students with an admissions average over 80%.*

Admissions Average	Guaranteed Entrance Scholarship
95–100%	\$3,000
90–94%	\$2,000
85–89%	\$1,000
80–84%	\$500

New domestic students can apply for more than 40 *Entrance Award Cycle* awards with one simple online application, and new international students may be eligible for our *International Entrance Cycle* awards. Apply before the March 1 deadline.

* in courses used to evaluate acceptance

Scholarships and awards for all years and all programs

Academic Excellence Awards reward all current UPEI students' academic achievements.

Based on your previous year's average, you can qualify for renewable awards of \$500 to \$3,000. Earn up to \$12,000 across your four-year degree program.

Generous *donor-supported awards* are available to students in all programs at UPEI, with many awards based on financial need. Talk to our Scholarships and Awards Office staff.

PEI students entering their first year at UPEI also qualify for the

George Coles Bursary:

- \$3,500 per year, for up to four years (full-time students)
- Island Advantage Bursary: \$500–\$3,000, based on financial need

LIVING YOUR BEST CAMPUS LIFE IN UPEI'S RESIDENCE COMMUNITY

Joining the UPEI residence community helps you be successful as a student and as an individual! If you are moving away from home for the first time or have had some independent living experience, UPEI residence is a great start to your studies.

upei.ca/residence

TOP 6 REASONS TO LIVE IN RESIDENCE

1

SAFETY AND SECURITY

Security staff are available 24 hours a day, seven days a week—and all buildings have student staff (Residence Life Advisors) who are ready to help.

2

CONVENIENCE

You're just a short walk away from friends, classes, the Wanda Wyatt Dining Hall, the Robertson Library, study spaces, and public transportation.

3

ALL-INCLUSIVE PRICES

Everything is included in your eight-month lease—internet, heat, hot water, repairs, and maintenance. You can also arrange to stay through the summer.

4

PUTS YOUR EDUCATION FIRST

Research says students in residence are more likely to be successful academically! It's easier to get to your classes, access study lounges, and form study groups.

5

EASY TO GET INVOLVED

Open your door and see what's happening. There are even opportunities to join the student staff team. Be as involved as you want.

6

FOOD SERVICE

The Wanda Wyatt Dining Hall offers fresh meal choices and amazing variety. No thinking about what to cook—no cleaning up. Everything is prepared and ready.

UPEI RESIDENCES

**All costs are based on 2025–2026 pricing and are subject to change.*

BERNARDINE HALL

Double room: \$6,037.50 per semester
(includes five-day meal plan)

BILL AND DENISE ANDREW HALL

Double and triple suites: \$7,348.50 per semester
(includes five-day meal plan)

CANADIAN CENTRE FOR CLIMATE CHANGE AND ADAPTATION

Two-bedroom units with full kitchens are available to undergraduate and graduate students at the Canadian Centre for Climate Change and Adaptation in St. Peter's Bay, PEI.

PERFORMING ARTS CENTRE AND RESIDENCE

Double apartment: \$3,967.50 per semester
(meal plans available)

MEAL PLAN OPTIONS

All you care to eat, five days a week: \$3,062.00 per semester

All you care to eat, seven days a week: \$3,123.50 per semester

HOMESTAY AND OFF-CAMPUS HOUSING

 upei.ca/homestay

 upei.ca/offcampushousing

If you're not living in UPEI residence, you can live with a homestay family or off campus.

Homestay

Homestay offers students a cultural and linguistic experience and a comfortable, safe place to live with a PEI family. Learn all about Prince Edward Island and experience Canadian culture.

Off-Campus Housing

UPEI's Off-Campus Housing Office provides resources to aid students in their housing search outside our residence options.

SUPPORTING YOUR SUCCESS -IN EVERY WAY

We're here to support your personal health and well-being!

 studentsupport@upei.ca

Our personal support programs are led by considerate faculty, helpful staff members, and compassionate students—starting on your first day.

Visit the **Student Experience Hub** in Dalton Hall for

Accessibility and academic accommodation

 upei.ca/accessibility

The **W. A. Murphy Student Centre** is where you'll find the UPEI Health and Wellness Centre, the Campus Food Bank, and the UPEI Bookstore.

The **UPEI Health and Wellness Centre's** caring health professionals provide safe, inclusive, and confidential health services to students, staff, faculty, and their families.

 upei.ca/health-centre

The **UPEI Campus Food Bank** helps students facing food insecurity and offers online registration and pickup.

 upei.ca/foodbank

The **UPEI Bookstore** is your one-stop shop for textbooks, lab manuals, equipment, and supplies—plus all official UPEI clothing and accessories to show off your Panther Pride and school spirit.

 upei.ca/bookstore

The **Mawi'omi Indigenous Student Centre** supports Indigenous students by offering academic advising as well as nurturing the cultural, social, and physical aspects of their journey at UPEI.

 upei.ca/mawiomi

The **Sexual Violence Prevention and Response Office** is a safe, confidential space where students, staff, and faculty who have experienced sexual violence anywhere, at any time, can obtain helpful resources and support.

 upei.ca/svpro

The **UPEI Chaplaincy Centre** provides a multid denominational and inclusive location to meet, eat, socialize, pray, and hold religious services.

 upei.ca/chaplaincy

SUPPORT FOR OUR INTERNATIONAL STUDENTS

Many international students attend UPEI each year; in 2024–2025, they represented almost 33 per cent of our total student population! Why should you choose UPEI? We offer a truly Canadian educational experience—and because UPEI is safe, fun, and transformative.

International Student Orientation

Before you arrive at UPEI, you can participate in virtual pre-arrival information sessions for new students. At the beginning of each semester, you will learn all about our support and assistance programs for new international students at International Student Orientation. If you have questions about starting your degree program, making friends, or student activities, we have the answers.

BIG FUTURES

Start Here

Joshua Maduka

Bachelor of Arts (major in Political Science;
minor in International Studies)

Class of 2025

Anambra, Nigeria

"I'm planning to attend law school and specialize in international law. I have always been interested in international peacebuilding, trade, conflict resolution, and universal human rights protection, and while working as a newcomer orientation coordinator with the Immigrant and Refugee Services Association in PEI, I did some interesting work with Community Legal Information.

"I see myself as a citizen of the world, so I relish any opportunity to learn about other countries and their way of life—and I'll return to PEI after obtaining my law degree to continue contributing to the PEI community I cherish dearly."

*Joshua's **BIG FUTURE** started here at UPEI!*

UPEI FACULTIES, SCHOOLS, AND PROGRAMS

FACULTY OF ARTS

An arts degree from UPEI is the perfect start to fulfilling your academic and career aspirations! No matter which program you choose, you will gain the skills you need to succeed in your chosen career and become an engaged citizen. Critical thinking and analysis, clear communications and persuasive argumentation, problem solving and creative conceptualizations—these are but a few competencies you will achieve through your program in the Faculty of Arts.

Admission requirements

70% minimum cumulative average in five Grade 12 academic subjects including English + one language/social studies + three courses from any academic area

Brennan McDuffee

Bachelor of Arts

(major in Applied Communication, Leadership, and Culture)

Class of 2026

Cornwall, PE

"It's important to me that I continue to get more involved as a citizen, to use my education to advocate for programs and spaces that the community needs, and to organize events that help people stay active and connected. For me, education isn't just about career goals; it is also about expanding my capabilities to contribute to my community, be creative, and address new challenges in whichever area of life they occur."

Read more about Brennan's story and UPEI experience at upei.ca/brennan

Visit upei.ca/admission-requirements for complete requirements for all UPEI programs.

McDOUGALL FACULTY OF BUSINESS

Practical experience, dynamic and innovative courses, and close relationships with research and industry are the cornerstones of a UPEI business education. We provide our students with the knowledge and skills to excel in an ever-changing environment. With fun and meaningful extracurricular opportunities, an active business student society, and ties to community groups and business experts through co-operative education, the McDougall Faculty of Business is your launch pad to success.

Admission requirements

70% minimum cumulative average in five Grade 12 academic subjects including English + math + any two courses from social sciences/sciences/language + one course from any academic area

Charlize Sahely,
EY Tax Division
Bachelor of Business Administration
(specialization in Accounting)
Class of 2024
Charlottetown, PEI

Read more about Charlize's story and UPEI experience at upei.ca/charlize

BIG FUTURE FACT

Business students rarely have scheduled classes on Fridays, giving you more time to connect with industry partners and entrepreneurs, and participate in student society and competition activities.

"I built confidence not only through the guidance of faculty members whose real-world insights inspired me, but also through the sense of community at UPEI. The collaborative spirit among my peers pushed us all to excel, and it laid a strong foundation for my ongoing growth and the opportunities ahead. These experiences prepared me for my role in the tax division at EY, while also giving me the confidence to navigate the dynamics of a professional environment."

FACULTY OF EDUCATION

(professional program)

UPEI's unique one-year, post-degree Bachelor of Education offers specializations in Indigenous education, international education, and adult education to meet the current demands of all classroom environments. We also offer a French-language *baccalauréat en éducation—français langue seconde*. A four-year bachelor's degree in a discipline taught in schools is required for admission.

Admission requirements

Applicants must have an undergraduate degree + an overall average of at least 70% in the 20 highest grades of the last 22 courses (three semester hours of credit) + at least six semester hours of credit in English or equivalent + completed academic courses in subjects taught in the school system that satisfy the requirements for the program level (primary/elementary or intermediate/senior) into which they seek admission.

Jenna Flowers

Baccalauréat en éducation—français langue seconde

Class of 2025

Hopedale, Newfoundland and Labrador

"UPEI's Bachelor of Education program is carefully crafted for the success of future educators. The ability to choose a focus in international, Indigenous, or adult education, and the two long-term practicum placements in schools allowed me to take what I was learning in the university classroom and apply it immediately to a primary and elementary classroom."

 Read more about Jenna's story and UPEI experience at upei.ca/jenna

FACULTY OF INDIGENOUS KNOWLEDGE, EDUCATION, RESEARCH, AND APPLIED STUDIES

UPEI's Faculty of Indigenous Knowledge, Education, Research, and Applied Studies (IKERAS) brings Indigenous knowledge and ways of doing to the forefront of the University, positioning UPEI as a leading post-secondary institution in Canada in the achievement of Indigenization.

Admission requirements

70% minimum cumulative average in five Grade 12 academic subjects including English + one language/social studies + three courses from any academic area

Kallie Drummond,
Bachelor of Science
(minors in Indigenous Studies and Mathematics)
Class of 2026
Selkirk, Manitoba

Read more about Kallie's story and UPEI experience at upei.ca/kallie

BIG FUTURE FACT

IKE 1040: Indigenous Teachings of Turtle Island is a mandatory course for all UPEI students. Led by Indigenous Elders and Indigenous faculty members, this course integrates ceremonies, protocols, tradition, and cultural learning to help students foster an understanding of Indigenous world views and ways of knowing.

"One of my greatest opportunities at UPEI was studying abroad in New Zealand, where we learned from and shared knowledge with the Māori People. Being able to learn from Indigenous Elders and Knowledge Keepers across the world was incredible."

FACULTY OF MEDICINE (professional program)

UPEI has established a Faculty of Medicine and interprofessional health education facility, which will serve as the home of Memorial University regional campus for the Doctor of Medicine (MD) program. Memorial's regional campus at UPEI offers a unique opportunity for both institutions to contribute to medical education in their areas of strength—rural medicine, family medicine, and climate change and adaptation—and provide opportunities for PEI youth who aspire to become physicians and the future of health care on PEI.

Admission requirements (from Memorial University)

A bachelor's degree; two letters of reference (one must be academic); MCAT exam scores (within five years of the application deadline); Casper exam scores (required annually by all applicants); Canadian citizenship or permanent resident status in Canada.

Note: Admission to the MD program is very competitive. All applicants must meet Prince Edward Island residency requirements.

Dr. Aleisha Murnaghan
Emergency Medicine
Physician, and UPEI
Director of Medical Program
Development

UPEI Bachelor of Science
(major in Chemistry),
Class of 2002
Stratford, PEI

Read more about Dr. Murnaghan's story and UPEI experience at upei.ca/drmurnaghan

"UPEI provided a strong academic foundation that prepared me well for medical school and later, my master's degree in medical education. The research experience I gained at UPEI was instrumental in shaping my approach to future research projects throughout medical school, residency, and fellowship."

BIG FUTURE FACT

The first intake of medical learners to Memorial's regional campus at UPEI will begin their studies in August 2025.

FACULTY OF NURSING (professional program)

The Bachelor of Science in Nursing program at UPEI ensures you're prepared for your career by combining innovative and interesting classroom study with valuable, intensive clinical practice experiences. From day one, our students become an important part of a supportive community of peers, instructors, and professors. Learning spaces in the Health Sciences Building and the our new Clinical Learning and Simulation Centre are fully equipped with the tools and technologies you will use in your clinical and nursing practice. Each year, students participate in a variety of clinical rotations in health-care facilities around the world.

Our Bachelor of Nursing program has been awarded the highest accreditation standards, and our Faculty of Nursing has a distinguished history of providing an exceptional Canadian nursing education.

Admission requirements

65% minimum in each subject with 70% cumulative average in five Grade 12 academic subjects including English + math* + chemistry + biology + one course from any academic area

*Pre-calculus and/or calculus is recommended.

All applicants are required to complete a Casper assessment in addition to meeting academic requirements. Successful completion of Casper is mandatory to maintain admission eligibility.

Note: Admission to the UPEI Nursing program is very competitive; posted requirements represent minimum expectations.

Kate Doyle
Bachelor of Science in Nursing
Class of 2025
Mermaid, PEI

"I never could have imagined the incredible opportunities I would have at UPEI, and all that I have learned. My professors have done an incredible job showcasing the diversity of the nursing profession. UPEI has prepared me for my future career by not only teaching me necessary theory and skills to work as a Registered Nurse, but also by teaching me valuable life lessons such as communication, collaboration, critical thinking, and more."

Read more about Kate's story and UPEI experience at upei.ca/kate

FACULTY OF SCIENCE

Solving the scientific challenges of today starts here in the UPEI Faculty of Science, with programs that prepare you for careers in a wide range of fields including the health sciences; biotechnology; applied mathematics; computer and data science; environmental sustainability; and climate change. Our award-winning professors create a stimulating learning environment in the classroom, the laboratory, and the field. Participate in exciting student activities and scientific conferences, work on innovative research and development projects, and network with faculty members and industry professionals to strengthen your future academic and career prospects.

Admission requirements

70% minimum cumulative average in five Grade 12 academic subjects* including English + math** + two science subjects*** + one course from any academic area

*Some introductory courses at UPEI have high school prerequisites: Chemistry 1110 (a required course in many science programs) requires Grade 12 academic chemistry or UPEI Chemistry 1000.

**Pre-calculus and/or calculus is recommended.

***For the Kinesiology program, the two science subjects must be chemistry and biology.

***For the Applied Climate Change and Adaptation program, the two science subjects must be chosen from chemistry, biology, or physics.

Samuel Hurtado
Bachelor of Science
(honours in Mathematics,
major in Economics)
Class of 2024
Cali, Colombia

"I always loved math in high school, and after some thought and discussion with a calculus professor here, I decided to major in both mathematics and economics. I also had the opportunity to be a research assistant with my professors in both programs. That's what I find unique about UPEI: you get to know your professors one-on-one, so you're not just a 'number.' I am eternally grateful to them!"

FACULTY OF SUSTAINABLE DESIGN ENGINEERING

(professional program)

UPEI's nationally accredited Sustainable Design Engineering program is built on a foundation of real-world collaboration and industry partnerships, where our students apply their knowledge and skills to solve technical challenges with business and community partners. A unique feature of our program is the exceptional access to shops and technical staff, allowing students to build full-scale prototypes for their clinic projects. With small class sizes and modern facilities specifically outfitted for your success, you receive continuous support from technicians, technologists, staff, and a student-led Engineering Success Centre to support your undergraduate journey and beyond. Focusing on sustainability, UPEI's Bachelor of Science in Sustainable Design Engineering program gives you a competitive edge in today's workforce.

Admission requirements

65% minimum in each subject (70% in Grade 12 academic mathematics) with 70% minimum cumulative average in five Grade 12 academic subjects* including English + math** + two science subjects (chosen from biology, chemistry, or physics) + one course from any academic area

*Some introductory courses at UPEI have high school prerequisites: Chemistry 1110 (a required course in the Engineering program) requires Grade 12 academic chemistry or UPEI Chemistry 1000; Math 1910 requires at least Grade 12 academic math.

**Pre-calculus and/or calculus is recommended.

A photograph of a young woman, Temiloluwa "Rosetta" Shokunbi, wearing safety glasses and a white lab coat with "UPEI ENGINEERING" on it. She is focused on working with a power drill on a wooden structure in a workshop setting.

Temiloluwa "Rosetta" Shokunbi
Bachelor of Sustainable Design Engineering
Class of 2026
Lagos, Nigeria

BIG FUTURE FACT

Since the launch of our four-year Sustainable Design Engineering degree program, 96% of our 229 graduates are employed around the world.

"My interests lie in biomedical engineering and sustainable energy engineering, so I plan to contribute to innovative health-care solutions and advancing renewable, energy-efficient systems in the future. And I hope to stay active in professional organizations such as the National Society of Black Engineers, continuing to advocate for diversity and sustainability in engineering."

Read more about Rosetta's story and UPEI experience at upei.ca/rosetta

FACULTY OF VETERINARY MEDICINE

(professional program)

The four-year Doctor of Veterinary Medicine (DVM) program prepares students to work as veterinarians in private practice, academia, research, industry, and public service. A veterinary education on Prince Edward Island gives you direct access to unique study environments and many animal species. Learn about and work with farm animals, horses, aquatic species, domestic and exotic pets, and wildlife in our beautiful Island setting.

Our DVM program is fully accredited by the American and Canadian Veterinary Medical Associations and is recognized by the Royal College of Veterinary Surgeons in the United Kingdom. Graduates are eligible for licensure in Canada, the United States, the United Kingdom, Australia, and New Zealand. Residents of the four Atlantic provinces as well as international candidates can apply to the DVM program. Applicants must have at least 20 undergraduate credits to apply for this program.

Admission requirements

The DVM admissions process strives to select applicants most likely to succeed in the veterinary curriculum with the potential to become competent, responsible veterinarians dedicated to a lifetime of productive public service and continued learning.

Tsukasa Iwamoto
Doctor of
Veterinary Medicine
Class of 2026
Charlottetown, PEI

 Read more about Tsukasa's story and UPEI experience at upei.ca/tsukasa

"Our Veterinary Teaching Hospital is such an incredible thing to me. There are so many specialty veterinarians to look to for mentorship and knowledge. There are moments where it hits me that my career path and future plans would have been drastically different had I not been exposed to the unique opportunities provided to me by my enrolment at the AVC."

BIG FUTURE FACT

Students work in our Veterinary Teaching Hospital and Diagnostic Services department as part of their DVM curriculum. Last year, the Teaching Hospital and field services units managed over 15,000 cases.

FACULTY OF GRADUATE STUDIES

Take your academic study and career further with UPEI's growing number of graduate programs. We offer thesis- and course-based options, faculty-supervised and cohort programs, and a wide range of graduate degree specializations. The graduate student experience at UPEI is extraordinary! Contribute to exciting and valuable research and development projects, learn from internationally recognized experts in your chosen field, and connect with the academic and business community. Intake dates and admission requirements vary by program.

Admission requirements

Visit upei.ca/gradstudies to find out more about our graduate programs, and upei.ca/graduate-admissions for complete requirements.

Hexi Wang
Master of Arts in Island Studies
Class of 2025
Northwest China

"Studying at UPEI and living on this island has given me the chance to experience the beauty of the simple moments around me. It's not just about academics; it's about learning to appreciate life at a different pace, finding balance, and connecting with the world in a meaningful way."

Read more about Hexi's story and UPEI experience at upei.ca/hexi

ARTICULATION AND TRANSFER PATHWAYS

UPEI has several transfer and articulation agreements to provide degree pathways to graduates of specific college programs: Bachelor of Applied Health in Paramedicine (formerly the Bachelor of Science in Paramedicine), Bachelor of Applied Science in Radiography, Bachelor of Wildlife Conservation, Bachelor of Science in Biotechnology, Accelerated Bachelor of Business Administration, and others!

BIG FUTURES

Start Here

Dr. Dan Fredholm

Clinical Veterinarian with Disney's Animals,
Science, and Environment

DVM Class of 2009

West Islip, New York

"One of the reasons I was drawn to the Atlantic Veterinary College was the faculty-to-student ratio. Having just attended an extremely large school for my undergrad and Master's training, I was looking for a place where I'd be educated as an individual and not just a number."

AVC was the foundation of my vet career. The relationships that were formed during vet school became pivotal to my long-term career. People who started as mentors and classmates became friends and colleagues who, in many cases, have continued to influence my career today."

*Dan's **BIG FUTURE** started here at UPEI!*

 Read more about Dr. Fredholm's experiences as a DVM student at upei.ca/drddan

BIG FUTURES *Start Here*

APPLY TO UPEI TODAY!

Follow our five-step application process and take the next step to your big future!

1 Create a UPEI account

Visit apply.upei.ca to create a UPEI account.

You can use your account to start an application, book a UPEI campus tour, sign up for enrolment team visits to your school, and contact our enrolment services team.

2 Complete your online application

Some of our programs require a slightly different application process, but don't worry! You can always contact our enrolment team for help.

3 Submit your UPEI application fee and completed application

You will receive an email message from our enrolment team to confirm receipt of your application and application fee.

4 Submit your transcripts and supporting documentation

Send your transcripts by

Email: registrar@upei.ca

Fax: 902-566-0795

Mail: UPEI Registrar's Office
550 University Avenue,
Charlottetown, PE
C1A 4P3, Canada

Transcripts sent directly from your school are considered "official," and all other transcripts are considered "unofficial."

Some programs require supplemental documents, so check your UPEI account for details.

5 Check your application status by logging into your account

If you have any questions or concerns about your application status, let us know.

Send us a message at apply@upei.ca, or call us at 1-800-606-8734.

WE CAN'T WAIT TO WELCOME YOU TO THE UNIVERSITY OF PRINCE EDWARD ISLAND!

FROM APPLICATION TO FIRST DAY OF CLASS

Application timeline

Stay connected with UPEI with our application timeline! The first step is starting your application as soon as possible. You can always contact our enrolment team with questions.

FALL 2025

Applications for the 2026–2027 academic year open in September 2025! Visit upei.ca/apply and create an application account.

Residence applications open in late October. Be sure to pay your tuition deposit first.

Scholarship applications open on December 1.

WINTER 2026

Confirm your seat at UPEI, and tune into virtual and in-person information sessions.

Application deadline for the Bachelor of Science in Nursing program is February 15.

Scholarship application deadline is March 1 for Canadian students.

UPEI acceptance letters are on their way via email. Celebrate the good news with a social post ([#PantherPride](https://twitter.com/PantherPride)).

First-year course registration begins in March 2026 for the Fall 2026 and Winter 2027 semesters.

SPRING AND SUMMER 2026

Visit the UPEI campus for a tour.

Confirm your residence room (when you receive an offer).

Activate your UPEI email account, access your Moodle page, and explore the myUPEI Student portal.

Watch your email inbox for updates on waitlists, Welcome Week (formerly New Student Orientation), and other UPEI activities.
