SMALL CLASS SIZES

YOU WILL GET TO KNOW YOUR PROFESSORS

**BUILD BONDS THAT WILL PROVIDE YOU
WITH COUNTLESS LEARNING OPPORTUNITIES**

With roughly 2,300 students, an average first-year class size of 60, and upper year classes as small as three, the small class difference can be found across campus. That means you have the space to collaborate, the confidence to ask questions, and the freedom to share your ideas.

You will be able to connect with your professors — who are leaders in their fields — both inside and outside the classroom. These meaningful interactions at a smaller university will provide you with valuable networking opportunities, guide you throughout your degree, and help you figure out your future.
