One of Okanagan College's key directions is working with, and learning from, Indigenous communities. The College is dedicated to providing culturally relevant support to Indigenous students as they journey toward their personal, educational and career goals.

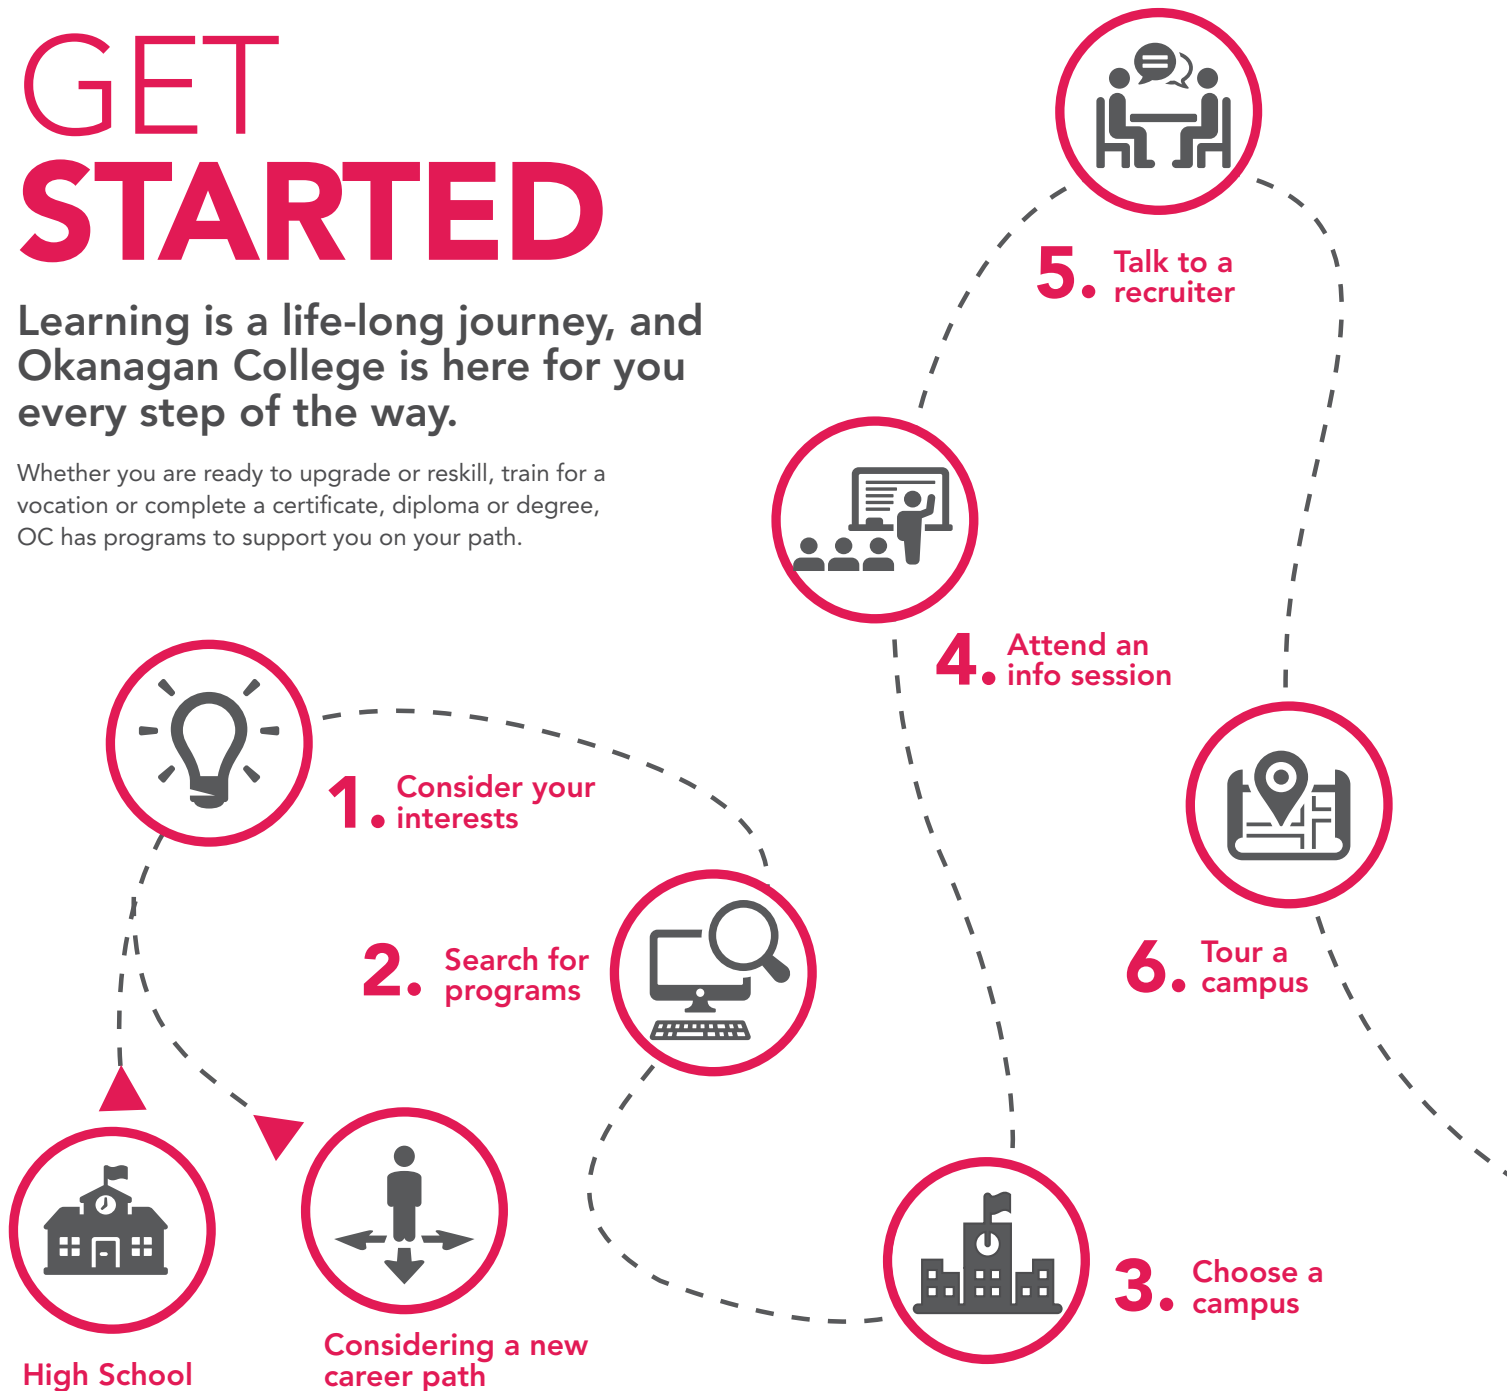

Thoughtful Indigenous spaces can be found on each of the College's four campuses, including Indigenous Services at each campus, the gathering place at the Salmon Arm campus, Indigenous outdoor gardens: na'ʔk'wulamən garden in Kelowna, K'nmałka? Səŋqàłtən garden in Vernon and a new Indigenous garden in Penticton. These areas hold spaces for you and recognize the traditional ways and knowledge of Indigenous peoples of the region.

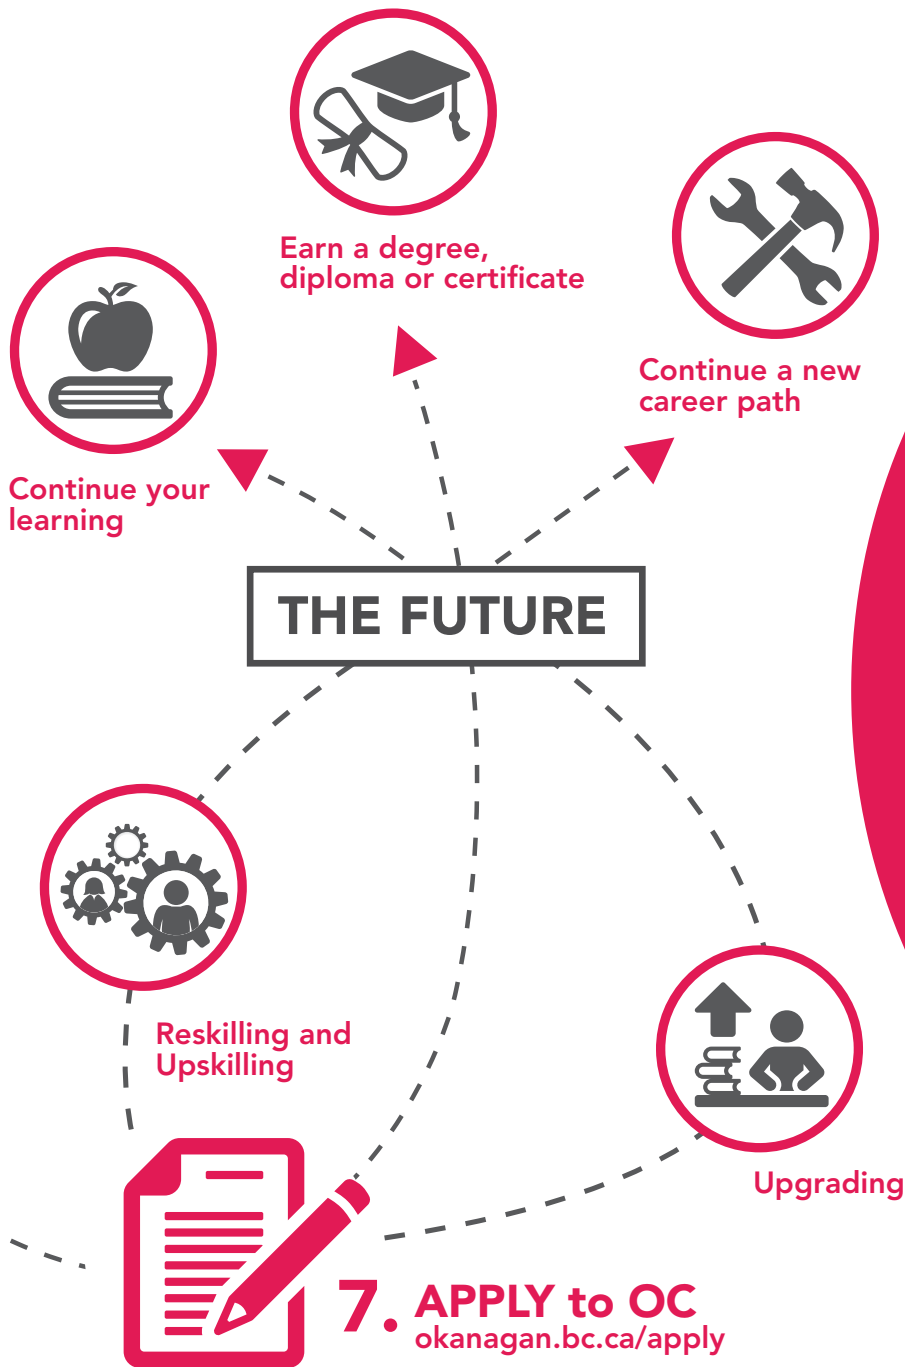

Okanagan College respectfully acknowledges that our Penticton, Kelowna and Vernon campuses are located on the unceded territory of the Syilx Okanagan, our Salmon Arm campus is located on the unceded territory of the Secwepemc, and our Revelstoke Centre is located on the unceded territories of the Ktunaxa, Secwepemc, Sinixt and Syilx.

CO-OP AND WORK-INTEGRATED LEARNING

You need experience to get a job, but you need a job to get experience. Co-op, practicums and other work-integrated learning bridges that gap and gives you a head-start on your path.

What is co-op learning?

Co-op education helps you apply your education and training in a work setting before entering the workforce after graduation. By alternating academic terms with co-op work terms, you earn a salary, gain important employment skills and learn what employers need in a supportive environment.

What is work-integrated learning?

Many OC portfolios have experiential learning built into their programs, as another way to help you build your skills. This includes practicums, preceptorships, clinical placements, internships, field placements, entrepreneurship, capstone, service learning and research projects.

How do I get started?

Contact the Student, Grad and Co-op Employment centre to find out what options are available to you.
