**SAY YES  
TO YOUR  
FUTURE**

## Polytechnics offer high-quality, job-focused education.

**Learn by doing** with hands-on learning opportunities through labs, clinicals, field investigations, outdoor camps, machinery time, workplace practicums and/or co-op work terms. We partner with business, industry and the community on **applied research** projects.

There's a reason why Sask Polytech has a consistently **high graduate employment rate**, and why we score top marks with employers. **Our focus on applied learning develops marketable skills that prepare you to contribute from day one on the job.**

Saskatchewan Polytechnic is a member of Polytechnics Canada, an alliance of 13 research-intensive, industry-responsive post-secondary institutions.

Our campuses are located on Treaty 4 and Treaty 6 Territories and the homeland of the Métis.

No matter where you join us, you'll have a great experience.

All four campuses offer a wide selection of programs and courses along with a few specialized focus areas.

## Moose Jaw

State-of-the-art lab facilities that support many of our engineering technology programs, along with a strong focus on business and entrepreneurship.

[saskpolytech.ca/whyMooseJaw](https://saskpolytech.ca/whyMooseJaw)

## Prince Albert

Well-situated natural resource programs and a high-fidelity simulation centre for nursing and continuing care assistant training. [saskpolytech.ca/whyPrinceAlbert](https://saskpolytech.ca/whyPrinceAlbert)

## Regina

Industry-driven programs in technology, human services and health care; the applied research Innovative Manufacturing Centre (IMC); as well as 10 shops for industrial trades training. [saskpolytech.ca/whyRegina](https://saskpolytech.ca/whyRegina)

## Saskatoon

High-tech lab facilities including a nursing and health sciences simulation centre, along with applied research centres: Innovative Manufacturing Centre (IMC), Digital Integration Centre of Excellence (DICE), BioScience Applied Research Centre (BARC) and Sustainability-Led Integrated Centres of Excellence (SLICE). # START WHERE YOU ARE

## Prepare for success

Sask Polytech can help you take those first steps if you need help getting back to the classroom or into the workforce.

### Career counselling

Undecided about your future? We can assist you with career and educational planning, as well as job market information.

**[saskpolytech.ca/careercounselling](https://saskpolytech.ca/careercounselling)**

### Literacy and adult education

High school equivalency; upgrading or additional courses required for admission; CAEC (Canadian Adult Education Credential) preparation. You can also access help with reading, writing, math, computer and job search skills.

**[saskpolytech.ca/upgrading](https://saskpolytech.ca/upgrading)**

### Employment readiness

Job readiness training through in-class and on-the-job programming, including specific training for adults with disabilities and individuals of Indigenous ancestry. **[saskpolytech.ca/employmentreadiness](https://saskpolytech.ca/employmentreadiness)**

## Ready to go!

With 150+ programs to choose from, you can earn a degree, diploma, certificate or apprenticeship training that will lead to a rewarding career in a wide variety of sectors. Many of our programs let you put your credential toward a professional designation, advanced professional standing or university degree.

For a full listing of programs, visit **[saskpolytech.ca/programs](https://saskpolytech.ca/programs)**.

**Need help choosing your direction?** See page 6.

## Keep on learning

Reskill, upskill or reshape how education works for you with flexible, customized learning through Sask Polytech's Centre for Continuing Education.

**[saskpolytech.ca/CE](https://saskpolytech.ca/CE)**

Continuing Education offers 750+ courses, part-time programs, fast-track training and Surge micro-credentials to accelerate your skills in specific areas.

Take your learning further with postgraduate certificates and degree programs at Sask Polytech. These advanced credentials are designed to help you build on what you already know, strengthen your professional impact and stay competitive in a changing workforce.

**My classmates are great. The instructors are fantastic. I'm enjoying every minute.**

**Connor Armitage,  
Civil Engineering Technologies**

# Pick your career direction

## Who you are will take you far

Identifying your interests is part of getting to know yourself—a key aspect of selecting a career that will be a good fit for you.

### STEP 1:

Select three work personality traits that describe you the most:

#### Theme #1: Realistic (Doer)

- I would describe myself as reliable, hands-on and practical.
- At work I may enjoy fixing things, seeing the visible results of my efforts and moving around.
- Common sense, tradition and dependability are important to me.

#### Theme #2: Investigative (Thinker)

- I would describe myself as logical, curious and systematic.
- At work I may enjoy researching, using my mind to solve complex problems and being independent.
- Knowledge, intelligence and independence are important to me.

#### Theme #3: Artistic (Creator)

- I would describe myself as imaginative, creative and sensitive.
- At work I may enjoy coming up with new ideas, working independently and designing things.
- Expressing myself creatively, understanding emotions and seeing beauty in the world are important to me.

#### Theme #4: Social (Helper)

- I would describe myself as helpful, kind and understanding.
- At work I may enjoy counselling, teaching and meeting the needs of others.
- Relationships, cooperation and communication are important to me.

#### Theme #5: Enterprising (Persuader)

- I would describe myself as competitive, assertive and determined.
- At work I may enjoy discussing business, managing people/projects and taking a leadership role.
- Having authority, making a profit and risk-taking are important to me.

#### Theme #6: Conventional (Organizer)

- I would describe myself as organized, careful and accurate.
- At work I may enjoy collecting and organizing data, managing an office and writing business reports.
- Dependability, order and predictability are important to me.

### STEP 2:

Use the icons from step 1 to identify programs on the following pages which lead to careers that draw upon your chosen themes (icons are arranged left to right, most dominant to least dominant). Visit our website for detailed program information.

### STEP 3:

**Need more help?** Sask Polytech Career Counselling offers:

- Free career planning webinars and workshops
- Online career planning tools
- Zoom, phone or in-person appointments with a career counsellor

# ACT ON IT

# Apply

The majority of programs at Sask Polytech use the First Qualified First Admitted (FQFA) application process. The sooner you apply with all the necessary documentation, the sooner you can qualify for admission to a program.

A small number of Sask Polytech's highest-demand programs use the competitive application process.

Learn more  
about  
admission  
processes:

Visit our online  
application guide  
for full details:

## Use this checklist to complete your application:

Check the Sask Polytech website for full program details, start dates, delivery options and updated information.

Determine whether you meet admission requirements.

Complete any necessary academic upgrading.

Apply at  
**saskpolytech.ca/  
applynow**

Double-check your application and ensure that you submit all required documentation.

## International students

Complete the international application form by clicking “apply now” at **saskpolytech.ca/international/apply**.

## Get credit for what you know

If you have life experience, previous post-secondary education or took dual credit courses in high school, you may be eligible for credit toward your Sask Polytech program.

[saskpolytech.ca/getcredit](https://saskpolytech.ca/getcredit)

## Apprenticeship and co-operative education

### Earn while you learn

Apprenticeship and co-op education give you beyond-the-classroom learning opportunities that also allow you to earn while you learn.

#### Apprenticeship

Apprenticeship training is a multi-year earning while learning arrangement. Apprentices already have jobs in their field of work and have signed a contract of apprenticeship with their employer and the Saskatchewan Apprenticeship and Trade Certification Commission (SATCC). Under the supervision of a certified journeyperson, an apprentice receives knowledge and develops skills through on-the-job training.

Apprentices undertake a required number of weeks of in-school technical training each year. Upon successfully completing an apprenticeship program, apprentices are eligible to write an examination to become a certified journeyperson in their trade. Sask Polytech is contracted by the SATCC to provide the in-school portion of apprenticeship training for over 20 trades.

To learn more, including information about training start dates, contact the SATCC at 1-877-363-0536 or visit their website.

[saskapprenticeship.ca](https://saskapprenticeship.ca)

#### Co-operative education

Sask Polytech currently offers a co-op education component in 19 diploma programs. Depending on your program, you may be placed on work terms varying in total length from 4 to 12 months. Co-op work terms are an excellent opportunity to gain professional experience, network and advance your career.

[saskpolytech.ca/co-op](https://saskpolytech.ca/co-op)

**The co-op education experience helped me connect classroom learning with real work, better understand how HR supports the employee experience and the organization as a whole and learn more about workplace culture.**

**Sheila Calderon, Business Diploma  
Human Resources**

**The cost of schooling can be daunting to those that cannot afford it and the awards make a great incentive to do well in our classes and encourage us to further our education.**

**Isabella Murray,**  
**Office Administration**

# Finance your education

## Money matters

Our short, career-focused programs mean you'll be earning sooner.

### Tuition, fees and expenses

Once you are accepted to a program, pay your tuition deposit to hold your seat. Tuition and fees are due on the first day of classes. Learn more at [saskpolytech.ca/tuition](https://saskpolytech.ca/tuition).

**Need help financing your education? You've got options.**

### Financial assistance

Student loans, bursaries, grants, budgeting tools and more will help you bridge the gap if you need help financing your education.

### Student awards

Sask Polytech offers student awards for almost every program at every campus—and not all of them are based on marks. Once you've been accepted as a student, you can apply online for awards and scholarship opportunities available throughout the year.

# Student services

## Come for the experience

There's more to your education than what takes place in the classroom. Sask Polytech's services, supports and events make student life a big part of what shapes your time here.

### Community

Whether you're new to post-secondary education, your campus city or the province, you'll find people, places and supports at Sask Polytech to make you feel welcome and safe.

### Day-to-day

Housing, childcare, parking and transit, food services, student lounges, campus stores—we've got what you need on the daily.

### Learning

Getting help with learning is key to your success in the classroom. Academic and accessibility supports and services can help you transition and grow as you progress through your program.

### Wellness

Mental and physical well-being are critical to your learning success. Counselling, health services, and fitness and recreation opportunities ensure you are in top form for learning.

### Career

Employment and career success is your end goal, and ours. We offer services, supports and opportunities to connect with employers from day one.

[saskpolytech.ca/student-services](https://saskpolytech.ca/student-services)

**Student Employment Services helped me prepare for my interview, shared practical tips and reminded me that confidence and a smile make all the difference.**

**Vishalkumar Lakhwani,**  
Design and Manufacturing  
Engineering Technology

Sask Polytech celebrates  
diversity in all its forms.  
Whether you're from here  
or new here, move on  
wheels, wear a ribbon skirt  
or a rainbow shirt—

**YOU BELONG.**

## wītōkamāhtōtān Indigenous student success

**We work hard to ensure everyone has an equal opportunity to succeed.**

From program exploration and the application process through graduation, Indigenous student advisors will help you navigate the journey and orient you to Sask Polytech and the community.

Indigenous Students' Centres on each campus offer a safe space to connect with Elders, Knowledge Keepers and cultural advisors who can provide academic, emotional and spiritual support. Each centre hosts a variety of cultural activities and events, and provides services and a quiet space to study.

**Indigenous students are an important part of Sask Polytech's community. Our student population includes Indigenous students from across Canada.**
