

Welcome grade 9s and 10s!

You don't need to have your future figured out yet. This is the perfect time to explore what interests you, discover different career paths and start thinking about where you might want to go next. At CapU, you'll have the space to explore, learn by doing and discover what feels right for you.

A space to be you

Why study at CapU?

Real-world experience

Build your resumé before you even graduate. Many of our programs include internships, practicums and community projects so you can learn by doing.

Career-focused mentorship

Small, interactive classes mean you aren't just a number. You'll get direct support and industry insights from instructors who are professionals in their fields.

Flexible pathways

Not sure what you want to do yet? Start with a one-year certificate to test the waters, complete a two-year diploma, or dive straight into a four-year degree. Your journey, your pace.

Explore your options

Areas of study

Choose from more than 100 programs that lead directly to exciting careers in:

- Arts, film and design
- Business and legal studies
- Health and education
- STEM

What makes CapU special?

Dedicated career development services

Getting a job is just as important as getting a degree. We help you build a standout resumé, practise for interviews, and connect with employers while you study.

Support for your success

Transitioning to university is a big step, but you aren’t alone. Access academic advising, peer tutoring, accessibility services and wellness support whenever you need it.

Vibrant campus life

University is also about building your network. Join student clubs, play intramural sports, attend campus events and become a student leader.
