Faculty of Medicine

The University of Prince Edward Island has established a Faculty of Medicine and interprofessional health education facility, which will serve as the home of Memorial University's regional campus for the Doctor of Medicine (MD) program. The UPEI site will operate as a regional campus of Memorial until a future joint degree is eventually established.

ENGINEERING & NURSING REQUIREMENTS**Bachelor of Science in Sustainable Design Engineering:**

Successful completion of Grade 12 examinations in a University Preparatory Program with an overall average of at least 70% in the following courses, with no grade less than 65% and with at least 70% in Grade 12 academic Mathematics:

- Grade 12 academic English
- Grade 12 academic Mathematics
- Two additional Grade 12 academic Science subjects, chosen from Biology, Chemistry or Physics
- One additional Grade 12 academic course

The prerequisite for Chemistry 1110 (a required course in the engineering program) is Grade 12 academic Chemistry or UPEI Chemistry 0001.

Note: High school applicants should apply by March 1 to be considered for entrance scholarships.

Bachelor of Science in Nursing:**High School Applicant**

A high school applicant must have achieved a mark of at least 65% in each of the following academic courses: English, Mathematics, Chemistry, Biology and one other grade 12 academic course, with an overall average in these courses of at least 70%.

University Applicant

Applicants attending or having attended a University must meet the same requirements as listed above but can also complete the course requirements by taking degree level courses. A minimum mark of 60% is required in degree level courses.

Mature Applicant

In addition to the general admission requirements for mature students, the following regulations apply: a student of mature years may be admitted to the Faculty of Nursing without fulfilling all the entrance requirements specified for high school graduates. A mature applicant must have achieved a mark of 65% in each of Grade 12 academic English, Mathematics, Chemistry, and Biology or a mark of 60% for 3 semester hours in the same subjects at the university level.

CASPer Test Requirement (worth 30% of overall admission score)

Notes on Admission:

- Approximately seventy (70) seats are available in the four-year Nursing program each year. All students who meet the minimum requirements will be considered. Priority will be given to applicants who are residents of PEI. Eligible first year candidates are ranked on their average in Biology, Chemistry, English and Math.

Accelerated Bachelor of Science in Nursing

To be eligible for the Accelerated BScN Program, applicants must have:

- successfully completed Grade 12 Academic or equivalent courses in English, Math, Chemistry, and Biology;
- successfully completed 60 semester hours of university-level credit;
- of the 60 semester hours of credit noted above, 27 semester hours of credit must come from the list of courses below (at the credit weights noted), with a minimum average of 75% in these 9 courses (27 semester hours) with no individual course grade below 60%:
 - Human Anatomy (3 semester hours) – lab required
 - Human Physiology (3 semester hours) – lab required
 - Microbiology (3 semester hours) – lab required
 - Introductory Psychology (6 semester hours)
 - Developmental Psychology (3 semester hours)
 - Statistics (3 semester hours)
 - Introductory Nutrition (3 semester hours)
 - One (1) English course (3 semester hours)

The above noted courses must be successfully completed at an undergraduate degree level at a recognized post-secondary institution. Courses must have been completed within the past 10 years and fulfil the criteria outlined for regular transfer credit equivalency review.

CASPer Test Requirement (worth 30% of overall admission score)
